

Full-Time Open Enrollment

A. Nonresident Student Open Enrollment Applications

1. Determination of Space Availability

- A. The District's projected enrollment, including the projected number of occupied spaces in each grade, program and school for the subsequent school year is to be determined prior to being established by the school board at a January board meeting. Projections specific to individual classes may be made to the extent appropriate. Projected enrollment may include reserving spaces for expected growth in the number of students entitled to attend school in the District, to the extent appropriate, for a given class, grade, program, or school.
- B. The number of openings in a particular class, grade, program or school for nonresident open enrollment students will be determined using existing class size policies and procedures, including consideration to desired student-teacher ratios, overall building capacity, and the effect of enrollment levels on District expenditures relative to revenue. Space availability determinations should include regular education and special education programs.

2. Application Review and Approval Process During the Regular Open Enrollment Application Window

- A. The parent(s) or guardian of a student who wishes to attend school in the District as a nonresident open-enrollment student may apply online from the Wisconsin Department of Public Instruction (DPI) website (<http://dpi.wi.gov/sms/psctoc.html>) or submit the required application to the District Registrar. The application may include a request to attend a specific school or program offered by the District, however specific program requests cannot be guaranteed. The application shall be submitted no earlier than the first Monday of February and not later than the last weekday in April of the school year immediately preceding the school year in which the student wishes to attend. Parents and guardians who complete the online application via DPI's website will receive a confirmation number. Paper applications shall be date stamped upon receipt and entered into the online system by the District Registrar. Although the District may make an effort to allow an applicant to revise an incomplete application, it is the applicant's sole responsibility to ensure that his/her application is complete and timely. Any applications received prior to the application window or after the deadline dates, other than those submitted pursuant to the alternative application procedures specified in state law, are to be returned to the applicant with a notice of the proper application dates.
- B. The District Registrar shall review all the applications using the acceptance/ denial criteria outlined in District policy, and determine which school or program, if any, the nonresident student could attend the following year if accepted.

The District Registrar shall submit recommendations regarding acceptance or denial of applications to the Superintendent, who shall agenda the recommendations as a Superintendent Consent Agenda item. No action shall be

taken on any before May 1.

- (1) If there is sufficient space available to approve all of the open enrollment applications of those students who meet the remaining acceptance criteria, all such applications shall be approved. Following approval, the District Registrar shall notify the applicants, in writing of their acceptance and of the specific school or program that they may attend in the following school year. This notification will be made on or before the date required by law.
- (2) If there are more applications than spaces available for a particular school, grade or program, the following selection procedure shall be used:
 - a. Identify the applications of students who do not meet one or more of the remaining criteria (other than space availability) for acceptance established in District policy. This group of applications may be denied, but the applications should be assigned a number in the random process identified below in the event the District's determination with respect to the other criteria is overturned.
 - b. Identify the applications of students already attending school in the District.
 - c. Identify the applications of siblings of students who are already attending school in the District, and accept those applications prior to the random selection process. For purposes of this paragraph, attendance in the District does not include solely part-time attendance by, for example, a student who is enrolled in another school district, private school, tribal school or home based educational program.
 - d. Assign a number to each application submitted for that grade and place the numbers in a container. In the presence of at least two staff members, conduct a blind drawing of the numbers and list each number drawn in the order they were drawn. The drawing is to continue until all numbers have been drawn and the spaces are to be offered in the order their number was drawn.
 - e. Based on the results of the random selection, determine which applications are to be accepted. If, at any time in the random selection process one student application from a family is chosen and is eligible for acceptance under all remaining criteria, the District shall give immediate consideration to the applications of remaining siblings in the family who applied for open enrollment at the same time, and admit all such otherwise eligible siblings.
 - f. The District Registrar shall notify the parents and guardians of all students who were accepted for open enrollment using the random process, in writing, of their acceptance and of the specific school or program that they may attend the following school year on or before the first Friday following the first Monday in June. The District Registrar

shall also notify all parents and guardians of student applications that have been denied under any of the District's criteria. This notification must include the reasons for the denial and be completed by no later than the first Friday following the date required by law.

- g. A waiting list will be created for those students initially denied open enrollment due to space availability, maintaining the same application order as resulted from the random process initially used to order applications, as described above in these procedures.
- h. As any spaces become available, applications will be accepted from the waiting list(s). The District may accept students from the waiting list until the third Friday in August. Parents and guardians will be notified in writing if a space becomes available, including notification of the school or program to which the student has been assigned. If the District notifies a parent or guardian of acceptance on or after 10 days prior to the last Friday in June, the parent or guardian shall have 10 calendar days to respond to the placement offer provided the student is also in attendance by the third Friday in September; otherwise, the parent or guardian must respond to the notice no later than the last Friday in June. If the parent or guardian does not respond in the allotted time, the student's application will be placed at the end of the waiting list and the space will be offered to the next student on the list.

(3) The District's regular enrollment procedures are to be followed when enrolling a nonresident student.

- C. The nonresident student's parent(s) or guardian shall notify the District Registrar of the student's intent to attend school in the District in the following school year on or before the last Friday in June following receipt of the notice of acceptance, except as noted above for nonresident students accepted for enrollment from the waiting list.
- D. Annually by the date required by law, the resident school district shall be notified of the names of the students from the resident district who will be attending school in the District the following school year. For students accepted for open enrollment from the waiting list (after the date required by law) that choose to attend school in the District, this resident school district notification will be provided as soon as possible after getting confirmation of such attendance from the student's parent or guardian.

B. Resident Student Open Enrollment Applications

- 1. Upon receipt of any paper copy of a resident student's application to attend a school in another public school district, school office staff shall forward it to the District Registrar for review. To the extent applicable to the student, the District shall send the nonresident school district to which the open enrollment application was made a copy of the resident student's IEP and/or any relevant disciplinary records by the date required by law.

2. All applications shall be reviewed by the District Registrar, using the acceptance/denial criteria outlined in District policy. The District Registrar shall submit recommendations regarding acceptance or denial of applications to the Superintendent, who shall agenda the recommendations as a Superintendent Consent Agenda item. If the application is denied, the applicant and the nonresident school board shall be notified in writing that the application has been denied. This notification shall be made on or before the date required by law. The notice shall include the reason(s) for the denial.
3. Special Procedure for Resident Students Not Enrolled in the District. Students who reside in the District but who have been enrolled in a private school or home-based private educational program and students who did not reside in the School District of Altoona at the time of applying for full-time open enrollment in another school district must formally enroll in the District prior to attending school in another public school district under the full-time open enrollment program for school census purposes.
4. The District shall ensure that the records of a resident student who transfers to a nonresident district are sent promptly to the other district.

APPLICATIONS SUBMITTED UNDER ALTERNATIVE OPEN ENROLLMENT CRITERIA AND PROCEDURES

A. Eligibility Criteria – A parent or guardian of a student who wishes to attend school in a nonresident school district may submit an open enrollment application outside of the regular open enrollment application period or in lieu of it if the student meets one of the following criteria and the parent describes the criteria that the student meets in the application:

1. The resident school district determines that the student has been the victim of a violent criminal offense.
2. The student is or has been a homeless student in the current or immediately preceding school year.
3. The student has been the victim of repeated bullying and harassment and all of the following apply: (a) the student's parent or guardian must have reported the bullying or harassment to the school district and in spite of action taken by the board or designee the repeated bullying and harassment continues.
4. The place of residence of the student's parent or guardian and of the student has changed as a result of military orders.
5. The student moved into Wisconsin. The application must be made within 30 days after moving into the state.
6. The student's residence has changed as a result of a court order or custody agreement or because the student was placed in or removed from a foster home or with a person other than the student's parent.
7. The student's attendance in a school in the nonresident school district is considered by

the resident and nonresident districts to be in the best interests of the student. The application must explain the reasons for requesting this exception and why attendance at the nonresident school district is in the best interests of the student.

B. Application Review and Approval Process

1. When the District receives an open enrollment application that has been submitted under the alternative open enrollment criteria outlined above, whether it is submitted by a nonresident student or a resident student, the application shall be forwarded to the District Registrar for review and recommendations.
 - a. If the application involves a nonresident student seeking to attend school in the District under open enrollment, the District will:
 - (1) Immediately send a copy of any paper application received by the District to the student's resident school district, or, if applicable, the student's anticipated resident school district;
 - (2) Work with the resident district (or the anticipated resident district) identified in the application to determine where the applicant is currently attending school, and to determine from which school the District will receive any relevant special education records (e.g., the student's current IEP) and/or disciplinary records (e.g., expulsion records). If the applicant is not currently attending school in the resident district, the District will request such records from the school or school district the student is attending or most recently attended;
 - b. If the application involves a resident student who is attending, or who previously attended, school in the District, the District shall send the nonresident school district to which the open enrollment application was made a copy, if applicable, of the student's IEP and any expulsion or other relevant discipline-related records within 10 days of receiving the application.
2. The District Registrar shall review the application using the acceptance/denial criteria outlined in District policy.
 - a. The District may deny an application of a resident student if (1) it determines that the criteria relied on by the parent or guardian to submit the application do not apply to the student.
 - b. The District may deny an application of a nonresident student:
 - (1) for the same reasons it may deny an application submitted during the regular open enrollment application period; or
 - (2) if the application relies on the best interests of the student criteria and the District determines that open enrollment is not in the student's best interests.
3. If the application involves a nonresident student seeking to attend school in the District, the District will notify the applicant, in writing, whether the application has been

approved or denied no later than 20 days after receiving the application.

- a. If the application has been denied, the notification shall include the reasons for the denial. To the extent consistent with state law and District policy, acceptance of an application may be contingent or subject to revocation.
 - b. If the District has approved the open enrollment application of a nonresident student, the notification provided to the applicant shall identify the specific school or program that the student may attend. A nonresident student accepted for enrollment may immediately begin attending the assigned school or program in the District and shall begin attending the school or program no later than the 15th day following receipt of the notice of acceptance. If the nonresident student has not enrolled in or attended school in the District by that date, the District may notify the student's parent or guardian, in writing, that the student is no longer authorized to attend the school or program in the District.
 - c. To the extent that there is a delay in the District's receipt of any relevant disciplinary records from another school or school district, the District will review and act upon such records promptly, and, if necessary, inform the student that final confirmation of the District's approval of the application is contingent upon the District's receipt and review of such records.
4. If, for purposes of the application, the District is identified as the resident school district, the District shall notify the applicant whether the application has been approved or denied in accordance with any deadlines established by state law or DPI rule. Normally, the District will issue such notifications no later than 20 days after the District's receipt of the application. In addition:
- a. If the application has been denied, the notification shall include the reasons for the denial. To the extent consistent with state law and District policy, approval of an application may be contingent or subject to revocation.

Siblings of Attending Students Who Applying During the Alternate Application Period

Siblings of an attending or accepted student will be accepted during the Alternate Application Period if spaces are available. If a sibling of an attending student is not accepted during the Alternate Application Period due to space limitations, the sibling may apply again during the Regular Application Period and will receive a sibling guarantee acceptance if the attending sibling has attended continuously during the previous school year.

Appeals of Open Enrollment Decisions The student's parent(s)/ guardian may appeal a District decision regarding full-time open enrollment to the DPI by following the deadlines and procedures established by the DPI, except as otherwise specifically provided under state law or under DPI rules.

Transportation Low income parents and guardians may apply to the DPI for reimbursement of costs of transportation at the time of application for the program.

Rights and Privileges of Nonresident Students A student attending a course in a public school in a nonresident school district under this section has all of the rights and privileges of students residing in that school district and is subject to the same rules/regulations as students residing in that school district.

C. Transportation

- A. The parent of a student attending a course in a public school in a nonresident school district under this section is responsible for transporting the student to and from the course that the student is attending.

- B. The parent of a student who is attending a course in a public school in a nonresident school district under this section may apply to the Department of Public Instruction (DPI) for reimbursement of the costs incurred by the parent for the transportation of the student to and from the student's residence or school in which the student is enrolled and the school at which the student is attending the course if the student and parent are unable to pay the cost of such transportation. The DPI must give preference under this paragraph to those students who are eligible for a free or reduced-price lunch under 42 USC 1758 (b).
