Board Hires Interim Superintendent, Plans for New Superintendent

At a Special School Board Meeting last night, the Altoona School Board hired Dr. Ronald J. Walsh as its interim superintendent. It is expected that Walsh will serve as interim superintendent through the end of this school year.

At the same meeting, the Altoona School Board agreed to begin its contingency planning in the wake of the arrest of its present superintendent. The school's superintendent search firm will begin seeking applicants within the next few days. The process will be similar to the past search with an anticipated decision before the end of April.

For further questions or comments please contact Dr. Ronald J. Walsh, Interim Superintendent, at 7152-839-6033.
