

The School Board is dedicated to providing a healthy, comfortable and productive environment for students, staff, spectators and visitors. It is the intention of the District to maintain tobacco-free schools.

- The Board believes that education has a central role in establishing patterns of behavior related to good health and supports classroom-based instruction on tobacco use prevention, including training for teachers whose instructional duties include tobacco use prevention content.
- Students are prohibited from possessing or using tobacco and nicotine products (including electronic cigarettes, nicotine vaporizers/pipes, etc.) at all times in all school buildings, on all school premises, while attending or participating in a District-sponsored function, and at any other time that a student is under the supervision of school district authority.
- Tobacco and nicotine product advertising and promotional products are prohibited on school premises, in school publications, and at all school-sponsored functions. In addition, no student shall be permitted to wear any clothing that depicts, promotes or advertises tobacco or nicotine products (including electronic cigarettes or vaping products) while on school premises and at school-sponsored functions.

Students shall be notified of this policy through the student handbook.

Violation of the tobacco or nicotine product prohibitions outlined in this policy by students will result in school disciplinary actions. Law enforcement officials may be contacted as necessary and appropriate.
